TREATED BY PASTEUR'S PROCESS.

Seven Illinois Lads Hit by a Rabid Dog Inoculated in New York.

A New York dispatch says: The seven persons who were bitten by a mad dog recently in St. Joseph, Ill., have arrived here from that city. They were taken at once to the New York Pasteur Institute, at 178 West Tenth street, where they received prompt attention from Dr. Paul Gibier, the specialist in charge. The patients were all boys between the ages of 4 and 12. When Dr. Gibier was ready to proceed with the inoculating process five more boys were added to the list, swelling the number of patients to twelve. The course of treatment requires a daily inoculation for two weeks. This makes thirty-seven patients that have been treated at this institution since it was opened, and all have met with success. Dr. Gibier is certain that he will have satisfactory results from the work begun on these patients.

The Extra Session Call Rescinded.

A Lincoln, Neb., special says: The proclamation of Gov. Thayer revoking his call for an extra session of the Legislature has been made public. The reason assigned for this action is that the legality of the acts of the Legislature convened under his recent call would be questioned, and might be entirely nullified by the courts. The alleged illegality consists in calling a session without giving time to fill vacancies in the many legislative districts which will be without representatives on account of the removal of members by their election to other offices.

SPRING PALACE BURNED.

Many Hurt in a Panic at Fort Worth, Texas.

A dispatch from Fort Worth, Tex., says: Just after the grand march had been completed and dancing had begun at 10:30 o'clock in the Texas Spring Palace here flames were discovered in the mammoth structure, and in a short time it was in ruins. The main floor was thronged almost to suffocation with the elite of the State's society circles, and in the panic-stricken rush which ensued as the dreaded cry of fire spread from mouth to mouth many people were injured, but loss of life was averted almost by a miracle. Men, women, and children rushed with the frenzy born of fear to the places of exit, and the weaker went down in the suffocating crush. Contractor Al Haynes received injuries which will undoubtedly cause death. Several children are missing. Others injured are: Mrs. Volney Hall, injured internally; G. Hollingsworth, badly crushed; Judge L. N. Cooper, both legs broken; Geo. Loettler, seriously injured; M. R. Cruise, of New Orleans, badly hurt; James Davis, jumped from the upper story, badly crippled; Bissell Wilson, railway clerk, of St. Louis, feet burned. Many others were slightly hurt. The loss is estimated at \$100,000.

FLOUR IS LIFELESS.

Little Doing in the Minneapolis Market.
The Northwestern Miller says: "The flour output last week was 107,340 barrels, averaging 17,870 daily, against 129,740 the week before, 105,000 for the corresponding time in 1889, and 162,000 in 1888. Under the influence of the present lifeless flour market there is a growing tendency to curtail the output. This is true of the country as well as of Minneapolis. Middlemen appear to have no confidence in present values, and even if concessions are made it is doubtful if any considerable increase in sales could be effected. Millers are therefore maintaining prices pretty well, asking perhaps 50 to 100 cents less than a week ago. The direct export shipments for the week were 27,230 barrels, against 29,940 the preceding week. Saturday 284,000 barrels of flour were reported in store at Duluth, against 127,000 a year ago. Wheat received for the week ending May 27, 433,940 bushels. Shipments—Wheat, 101,269 bushels; flour, 113,488 barrels; millstuffs, 3,029 tons."

A St. Cloud, Minn., dispatch says: The Keller binding-twine machine has been sold to the McCormicks. Senator Keller came down from Sauk Center prepared to meet Col. Westerman from the McCormick Company, of Chicago, and consummate the sale of his machine. Both the McCormick and Deering people have made him an offer of \$100,000 cash for the machine, and he has finally decided to let the former company have it. The instrument is of apparently simple construction and seems to do its work to perfection. A roll of over one thousand feet in one piece, made from slough grass, was exhibited, and it is put up at a cost of one-quarter of a cent a pound. Those who have seen it say it is destined to revolutionize the binding business in the Northwest.

NOW IT'S A LUMBER TRUST.

A Combination to Put Up Prices.
A Minneapolis dispatch says: Representatives from about sixty of the most prominent lumber firms of the Mississippi Valley and Northern Wisconsin met at Minneapolis to form a combination to raise the price of lumber. Capital to the amount of more than \$150,000,000 was represented. The meeting resolved to call their traveling men off the road for sixty days from the time the agreement shall be signed by three-fourths of the lumbermen of the section. A committee was appointed to draw up a price list. This committee is to report at a meeting to be held at the same place the second Wednesday in July. CRACKER-MAKERS COMBINE.

Formation of a Big Trust with a Capital of Ten Millions.
A Minneapolis paper prints the particulars of the formation of a big cracker trust with a capital of \$10,000,000, including nearly every prominent cracker-maker in the country. The negotiations have been conducted very quietly, and the facts have been so well concealed that very few persons outside of those directly interested know of it. There has been a pool in operation for some time, profits being divided on an agreed percentage, but this has proved unsatisfactory and the trust is the result. It is to conduct the entire business of the various concerns interested, stock to the amount of \$10,000,000 being issued in return for the transferring of the individual properties. A goodly share of this \$10,000,000 is water.

HONORING HIS MEMORY.

DEDICATION OF THE GARFIELD MEMORIAL.

President Harrison, Members of the Cabinet, and Many Other Distinguished Statesmen Participate.

CLEVELAND, Ohio, May 31.—The roar of cannon and the cheers of 50,000 people welcomed President Harrison and Vice-President Morton to Cleveland to participate in the unveiling of the monument to the memory of the late President Garfield. The monster demonstration at the union depot, however, crowned the triumphal entry into the city. The first to greet the President was ex-President Hayes. The President shook hands with him and several other gentlemen, and was then escorted to his carriage.

As the President stepped into his carriage there was a mighty roar. In advance of the carriage doing escort duty were the cavalrymen of the First Cleveland troop in their black and yellow uniforms. Behind them in the first carriage.

THE MEMORIAL BUILDING.

place were President Harrison, ex-President Hayes, the Hon. Amos Townsend, and Mr. D. P. Ellis. In the second carriage were Vice-President Morton, ex-Gov. Foster, Mayor Gardner, and Gen. Barnett. Secretary Windom, Mr. Lee McBride, the Hon. R. C. Parsons, and L. E. Holden were seated in the third carriage, and in the fourth were Postmaster General Wanamaker, Marshall Ramsdell, and Mr. M. A. Hanna. Attorney General Miller, George H. Ely, and S. T. Everett occupied the fifth carriage, and Secretary Rusk, the Hon. William McKinley, Jr., and the Hon. D. A. Angler the sixth.

At Bond street the escort wheeled and led the distinguished visitors up to and along Euclid avenue past decorated blocks and residences until the home of Mr. Ellis was reached. The party then disbanded. President Harrison and Marshall Ramsdell, the guests of Mr. Ellis, alighted and the other carriages rolled away to the various houses where the occupants were to be entertained.

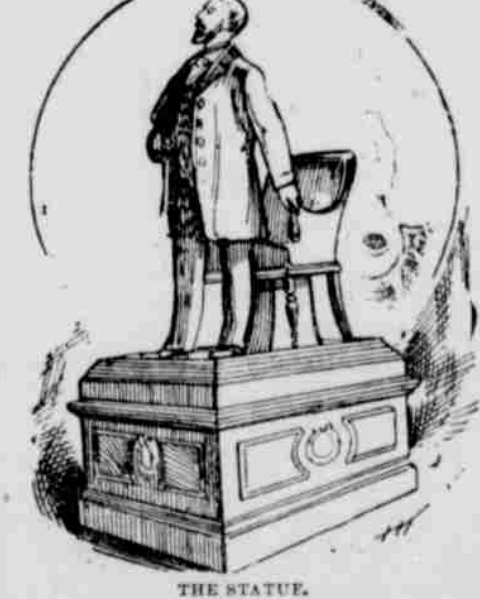

Gen. W. T. Sherman arrived later in the day and was the guest of his nephew Henry S. Sherman. Maj.-Gen. Schofield of the army is being entertained by Mr. William Chisholm.

At noon the procession started toward Lake View cemetery, five miles away. The cemetery was reached at 2:30 o'clock, and there was thunder of cannon as President Harrison's carriage neared the head of the procession and passed under the triumphal arch spanning the cemetery gates.

President Harrison and Gov. Campbell occupied the first carriage. Behind them were ex-President Hayes and Vice-President Morton, and in the next were Postmaster-General Wanamaker, Maj.-Gen. Schofield, Major McKinley, and Secretary Rusk.

In the other carriages were members of President Garfield's cabinet and numerous Senators and Congressmen.

The parade surpassed in numbers and appearance anything ever seen in Cleveland. The military and the masonic bodies were massed in front, and the veterans and civic societies followed. Over forty bands were interspersed throughout the procession, which, although the men marched twelve abreast, stretched out for a distance of three

miles. The special trains had brought 50,000 people to the cemetery gates, and the crush about the monument was terrible.

Ex-President Hayes, president of the Garfield Memorial Association, made the opening speech, and the oration
